

Experience the Difference

Dear Residents,

Please be advised that during the most recent inspection of the community sewer lines, it was discovered that non-degradable items such as wipes, diapers, and similar materials have been improperly disposed of in the system. These items are causing blockages and may lead to sewer backups and service disruptions.

We kindly remind all residents **not to flush or dispose of any non-degradable items**—including wipes labeled “flushable”—into toilets or down any drains. Only human waste and toilet paper should be flushed.

Proper disposal of waste helps maintain the functionality of our sewer system and prevents costly repairs and inconvenience for everyone in the community.

Thank you for your cooperation.

Sincerely,
Ronny Dunner LCAM
